RE: Coronavirus Recovery

Honorable Mayor Eric Garcetti,

This information is not a joke, or any other senseless communication. It's being presented because this supposed virus is so out of control, a suggestion is warranted to help you consider alternative means of controlling and overcoming this disease called Coronavirus.

After seeing doctors, scientists, AMA, FDA, Pharmaceuticals Industry, Hospitals, Military and Federal Government with no solution to this problem, the following suggestions are made based on facts.

Should you choose to overcome this Pandemic, please consider using "Oxidizers" as a means to better control this Pandemic. The Oxidizers are Ozone Generators, Food Grade Hydrogen Peroxide and a Water Purifier Oxidizer called, MMS, or Sodium Chlorite, discovered by Jim Humble and used to save lives throughout the World.

This information is to Save Lives and End this Pandemic. The choice is yours. It should be understood, the Medical Industry has suppressed Health Cures and Remedies for over a hundred years. People who have given Natural Cures are generally imprisoned, or found no longer among the living.

In 1986, Dr. Robert B. Strecker and his brother, Attorney Theodore A. Strecker, uncovered documents proving, AIDS/HIV, Cancers and other Diseases were intentionally being spread through Preventative Vaccinations Programs. They submitted a document to the Government titled, "This Is A Bio-Attack Alert" on March 28, 1986. The Strecker's were seeking to have Labs, creating Bio-Weapons and animal diseases, forced across the species barrier into human tissue cultures to be dismantled, Globally. They received no help in trying to stop the creation of Bio-Weapons made in Labs and intentionally spread throughout the World.

CC: CA Gov. Gavin Newsom; N.Y. Gov. Andrew Cuomo

Experiments On Humans

Seventh National Cancer Conference proceedings, sponsored by the American Cancer Society, Inc., and the United States National Cancer Institute, published by the J.B. Lippencott Company, Philadelphia and Toronto, 1972, in a report on epidemiology by John Higginson M.D., Director of the International Agency for Research On Cancer, Dr. Higginson at page 680: suggests,

"...The complex biology of cancer makes it essential to approach observational studies in man with the same technical sophistication that characterizes animal experimentation"

The Fogarty International Center Proceedings, No. 3, May-June 1972, reports the proceedings of a workshop held at the National Institutes of Health, Bethesda, Maryland, July 27-30, 1970. One of the conference committees for the conference was sponsored by the John E. Fogarty International Center For Advanced Study In The Health Sciences and the World Health Organization, suggest at page 1102:

"...In relation to the immune response, a number of useful experimental approaches can be visualized. One would be a study of the relationship of HL-A type to the immune response, both humoral and cellular, to well-defined bacteria and viral antigens During Preventive Vaccinations. This would be particularly informative when applied to sibships."

PART 1 OZONE & OXYGEN GENERATORS

The Ozone Generator takes incoming Oxygen (O₂) and transforms it from Two Molecules of Oxygen to Three Molecules of Oxygen (O₃).

Ozone Therapy basically administers Ozone Gas into your body to Treat Diseases, or Wounds. The Ozone Stimulates the Immune System. The Immune System attacks anything harmful to the human body and rids the body of viruses, bacteria, fungi and diseases.

Ozone is used not only to stimulate the Immune System and treat disease, it's also used to Disinfect Disease in the Atmosphere around patients, as well as Oxygenating Water for cleaning and consumption.

In our current Triage Conditions within the U.S., a commercial oxygen generator can send clean oxygen to an ozone generator, which in turn can supply medical ventilators with oxygenated ozone through a makeshift "Emergency Reserve Oxygen Manifold System", which can be regulated for each bed along the Triage Floor. In the L.A. Convention Center, piping could be built between two rows of beds, back to back, with enough space for a doctor, or technician to walk between the rows to control the ventilation PSI Regulation for each patient.

Additional atmosphere area ozone generators can be used to generate ozone to saturate the air being breathed by patients not on ventilators, doctors, first responders and people cleaning the area. Disease and air borne viruses cannot live in an ozone environment.

All hospital air spaces, lunchrooms, dressing rooms and patient locations could be saturated with Ozone to help protect everyone from any viruses, or bacteria. All first responders, doctors, nurses and workers could use water for bathing that has been oxygenated with the Ozone Generator, or Food Grade Hydrogen Peroxide 35%, this will destroy all pathogens, bacteria, viruses and diseases, if any.

PART 2 FOOD GRADE HYDROGEN PEROXIDE 35%

Like Ozone, Food Grade Hydrogen Peroxide is an Oxidizer, which will help destroy Pathogens, Bacteria and Viruses.

Your qualified chemists should be able to come up with a proper Protocol for using Food Grade Hydrogen Peroxide 35%, for baths, drinking water, cleaning walls, beds and equipment.

The use of Food Grade Hydrogen Peroxide is widely known for its use as a Class 1 Oxidizer, which Kills Bacteria, Fungus, Pathogens and Diseases on contact.

Have a member of your family, or staff read "Oxygen Therapies" by Ed McCabe. Although the Medical Industry, Pharmaceuticals Industry, FDA, AMA and IRS viscously attacked him after publishing Oxygen Therapies, to show he wasn't afraid to continue educating Humanity, he wrote, "Flood Your Body With Oxygen."

Food Grade Hydrogen Peroxide has been used for disinfecting hospitals, homes, water and the human body, as a deterrent against common viruses, bacteria, fungus and diseases for years. Doctors, the Medical, or Pharmaceuticals Industries does not promote it, because it cost "Pennies On The Dollar", as a remedy against diseases, bacteria and viruses.

PART 3 MMS, or MIRACLE MINERAL SOLUTION

Jim Humble discovered Miracle Mineral Solution in the 1990's. The MMS Solution is a solution of Sodium Chlorite, mixed with a small amount of Citric Acid, which actually produces Liquid Oxygen (O₂) and has proven to be a Super Oxidizer. This solution when used properly is a very potent Anti-Bacterial, Anti-Fungal, Anti-Viral Solution, extremely effective against all Diseases, Viruses, Pathogens and Parasites.

A documented test of its use against Malaria was performed in Uganda and filmed by a Red Cross worker. The results of 154 cases of Malaria was cured using MMS within 24-48 hours and was a 100% success against Malaria.

The Red Cross Headquarters had the video and documentation removed from the Internet and immediately began a smear campaign with the FDA and AMA, suggesting this was not true and MMS Solution was Bleach and extremely harmful if consumed. How did it cure 154 men, women and children if it wasn't safe? It cost "Pennies On The Dollar".

Your qualified chemists could read the MMS Health Recovery Guidebook and look over the Protocols for its proper use in destroying diseases, viruses, pathogens and parasites.

PART 4 EFFECTIVE SOLUTIONS TO CORONAVIRUS

Science has already proved the Oxidizers of Oxygen Therapies Destroy Viruses, Bacteria, Pathogens and Diseases Effectively.

Using Oxidizers, which are not harmful to the human body, can and will overcome Coronavirus and any other Viruses and Diseases, when used properly.

THIS IS WITHOUT QUESTION A WAR and sending this message to you, Governors Gavin Newsom and Andrew Cuomo, is to provide you with information that will help you win this war, for our Nation and Humanity as well.

As responsible Leaders you have a choice to save Thousands with individual ventilators, or Millions using Proven Oxygen Therapies. The choice is yours.

When people like Dr. Anthony Fauci stands before the public as an Expert on Viruses, you need to understand clearly, he was the expert during the AIDS/HIV Pandemic and Dr. Robert B. Strecker and his brother, Attorney Theodore A. Strecker proved with documented evidence, which they presented to the U.S. Government, AIDS/HIV, Cancers and other Diseases were created in Labs and intentionally spread through Vaccinations Programs in the USA and Globally.

Dr. Rashid Buttar has indicated, COVID-19 is Man-Made and Dr. Francis Boyle, a Law Professor, says COVID-19 is a Bio-Weapon.

Dr. Strecker's plea was to shut down all the Labs Globally, where the Bio-Weapons and Diseases are created for use against Humanity.

With this information, my hopes are that the Governors of the States will recognize this is a War and work to save millions of people using Effective Oxygen Therapies, rather than saving thousands with individual ventilators'.

All work places of First Responders, Hospitals, Government Offices and places where your families and support staff work, should have the atmospheres of those places Flooded With Ozone From Ozone Generators.

Do a test at the Convention Center, create a Triage Location that can house at least 100 people and be contained so Ozone Generators can saturate the containment with Ozone. Utilize additional Ozone Generators to Ozonate Water for drinking; use Food Grade Hydrogen Peroxide for cleaning and washing patients. Compare their recovery with patients on individual ventilators and compare the results.

PART 5 "WE WERE WARNED"

On March 28, 1986, Dr. Robert B. Strecker and his brother, Theodore A. Strecker submitted a document titled, "THIS IS A BIO-ATTACK ALERT".

All congressmen, senators, up to and including President of the U.S. were given a copy and the only person to respond was Illinois House of Representative, Douglass Huff Jr.

Dr. Strecker and his brother uncovered the Creation and Intentional Spread of AIDS/HIV, Cancers and other Diseases, through Preventative Vaccination Programs.

Dr. Strecker's hopes that Humanity would put an end to the Creation of Bio-Weapons and Diseases made in the Labs of Universities, Hospitals, Private and Military, being used against Humanity through Vaccination Programs and any other means harmful to Humanity.

PART 6 - CONCLUSION

We are caught up in a Global Man-Made Pandemic and the only hope given to Humanity is a Vaccine, somewhere down the road.

The fact of the matter is Coronavirus can be overcome with the proper use of the Oxygen Therapies, many which have been used since the early 1940's.

The Medical and Pharmaceuticals Industries have suppressed many of the Natural Cures and the people promoting them.

If Hospitals, Police Stations, Government Offices, Public Buildings and Public Gathering Centers were protected with the use of Ozone Generators and patients treated with Oxygen Therapies at home, or in Hospitals, the threat of all diseases would be minimized.

Coronavirus is obviously the result of the creation of Bio-Weapons in Labs and it will be up to Humanity to see the Truth and work towards the End To Labs Creating Viruses, where they intentionally force animal diseases across the species barrier into human tissue cultures and spreading these diseases through Vaccination Programs.
